

The Buyers' Guide is now available at www.chica.org

CHICA-Canada Infection Control Audit Toolkit

CHICA-Canada has launched a revised version of its Audit Toolkit. The audit tools are designed to support you to measure your success at moving best evidence into best practices in your organizations. The audit tools are available to CHICA-Canada members to download AT NO CHARGE in the Members Area of the website (www.chica.org). CD with or without links to online tools now available. A printed copy of the toolkit is available from CHICA-Canada for \$300 plus shipping and handling plus GST (new tools will be sent as developed). For a detailed list of audit tools available, see www.chica.org (Members Area).

Enhanced Teleclass Recordings on CD

Available exclusively from CHICA-Canada in partnership with Webber Training Inc. See list of topics at www.webbertraining.com (Recordings Library). Include a list of the CDs being purchased to accompany the Product Order Form.

AROs: Across the Spectrum of Care/le MRA: Dans tout le spectre des soins

A 15 minute educational video covering topics related to AROs (epidemiology, surveillance and control). Produced in cooperation with Wyeth, with assistance from CHICA-Canada members.

CHICA-Canada members may download the video from www.chica.org at no cost. Additional cost to purchase VHS or DVD.

"Just Wash 'Em" / "Lavez les"

A 7 minute video directed to Elementary School aged children. Reaching today's kids with our all-important handwashing message is a major step in preventing the spread of infection. CHICA-Canada's very own Sudsy makes his debut in a creative, fun-to-watch handwashing video aimed at school-aged children. Great

for school projects, seminars and demonstrations.

CHICA-Canada members may download the video and workbook from www.chica.org at no cost. Additional cost to purchase VHS or DVD.

Infection Control for Families and Visitors

Developed by the South Western Ontario Infection Control Network, London Health Sciences Centre and St. Joseph Health Centre, this 8-minute DVD resource has been designed to assist staff to help educate family members and other visitors about the importance of their role in infection control. Proper use of personal protective equipment (PPE) and effective hand hygiene techniques are demonstrated in an easy-to-understand format while emphasizing the role of the visitor in preventing the spread of infection.

Available in English.

The Infection Control Toolkit: Infection Control in Emergencies and Disasters

revised 2007 (formerly: *Infection Control Toolkit: Strategies for Pandemics and Disasters*)

Toolkit cover may not be exactly as shown.

The only disaster planning document that presents information specific to the key issues of infection control. Includes all the tools and materials necessary for surveillance, education, communication, laboratory, and management of personnel and patients are included. Handy forms, references, fact sheets, flowcharts, checklists, and samples provide the framework to interface with healthcare facilities and local public health preparedness plans. No other disaster planning document presents information specific to the key issues of infection control.

ESBL TOOLKIT

Best Infection Control Practices for Patients with Extended Spectrum Beta Lactamase Enterobacteriaceae – An infection control toolkit developed by the International Infection Control Council (APIC, CHICA-Canada, ICNA (UK, Ireland)).

The Grand Prix of PPE for Long Term Care

A new DVD resource created by Regional Infection Control Networks in Ontario, this teaching tool focuses on the essentials of personal protective equipment. Although targeted to the long term care setting, the messages are equally engaging for acute care as well. The DVD employs a humorous approach that makes it a great teaching tool for new and existing staff alike. English and French versions included!

Superbugs – A Nightmare on Your Hands

Developed by the Erie St. Clair Infection Control Network, this 12 minute DVD provides a resource for Long Term Care to clearly promote the use of hand hygiene and alcohol hand rub as the gold standard for cleaning hands that are not visibly soiled. The DVD explains simple yet important hand hygiene tasks we all need to practice as health care personnel. *Superbugs – A Nightmare on Your Hands!* is perfect for in-house education sessions. The video has uses a humorous approach to keep front line staff interested in the education and health value of the information. The superbugs C-Diff and MRSA (played by two actors) look for someone loaded with antibiotics, get into their system and cause as much mayhem as they can! The two superbugs believe this is possible because health care providers do not always practice safe hand hygiene, sometimes ignoring the alcohol hand rub and not wearing gloves. What are the safe practices to kill off these nasty Superbugs?

The DVD will encourage use of the effective slogan "Squirt, swirl, switch, swirl, and scrub until dry" before and after contact, after exposure to bodily fluids and before aseptic procedures. Both English and French DVD and Education Tool included!

CHICA-CANADA 2010 PRODUCT ORDER FORM

• N/C: Some products are available for CHICA-Canada members to download from the members area of www.chica.org at no charge. There is a nominal charge for members who wish to purchase these products from CHICA-Canada.
